## PENDING LAND USE APPLICATIONS

The City's Staff Review Committee (SRC) will review the following land use applications. Persons desiring to submit written comments on projects prior to the SRC recommendation to the Community Development Director, Design Review Committee, Zoning Administrator, Planning Commission, or City Council, as applicable, should file comments with the City's Planning Division within 10 days of the projects listing on the web site. This notice requirement is in addition to and not in lieu of any other legally required notice. Failure to provide this notice shall in no way be construed as an invalidation of any SRC recommendations or decisions, or the decisions of any person or body to whom recommendations have been made. Should you have any questions, please do not hesitate to contact the case planner for more information.

		gymnasium, pool, multi-purpose rooms, a child care center, locker rooms, and administrative offices. Outdoor sport fields and courts are proposed in association with the facility. Educational facilities and a resource center with medical services such as an Autism Center could also be part of the 10 gross acres site, in association with the 81,000 square foot building. Actual uses will be refined in the forthcoming Specific Plan.  No more than 130 single-family residences on approximately 35 gross acres of the project site. This community would include residential lots with a minimum lot size of approximately 6,000 square feet with some home sites as large as 20,000 square feet.  No more than a 265 unit age-targeted community on approximately 17 gross acres of the project site. The community would be comprised of a combination of individual units focused on one and two-story flats (referred to as "villas" in the Specific Plan), independent living, and assisted living. Unit sizes would range from 400 to 2,400 square				were provided to the applicant on a draft Specific Plan, Environmental Impact Report and Tentative Tract map. Staff is waiting for the applicant to provide the revised documents in response to staff comments. The draft EIR is not publically available for viewing at this time.
