

PROCEDURE FOR POOL DEMOLITION

- 2- 2 X 2 holes in bottom of pool (generally one in the shallow end and one in the deep end).
- First layer can be filled with existing coving and concrete. Remaining layers with clean fill dirt.
- Three (3) sets of plans showing the location of the pool.
- Compaction report must be submitted prior to final "sign - off".
- Building permit required, based on actual cost of demo.
